I want to thank you for your help in setting up the removal of my roof today. I also want to tell you that the men that came were courteous and very thorough in doing their job. My bother is a roofer by trade and he watched as they did their job including the clean up. He was very impressed with the fact that other than the roof being gone, you couldn't tell that the workers had even been there.

Sincerely,  
Kathy M.

Mr. Brian Sullivan, General Manager  
Valley Gutters & Roof Removal  
Sacramento, CA 98526

Dear Mr. Sullivan,

I just want to thank you for the great job your guys did on replacing my gutters. They listened to my needs and mad the modifications I needed. They even suggested some additional modifications that I had not considered. They were very personable and easy to work with.

When you estimated this project you indicated that your men had worked on lightweight tile roofs before and that while you couldn't guarantee that tiles wouldn't be broken, you indicated that they would try their best not to break any. Unfortunately, some tiles were broken during the job. However, the fact that you stepped up and agreed to repair all the broken tiles at no additional cost really impressed me. It is a joy to do business with fair and honest people.

Sincerely,  
George. B
